

The mission of the Christian Evangelistic Mission (CEM) is to **promote church growth by planting and nurturing churches.** Christian Evangelistic Mission is supported by gifts from churches and individuals.

Just as the apostles planted churches in the book of Acts to expand the kingdom, CEM has been planting and growing independent Christian church in the state of Iowa since 1957.

Believing that all men are lost and without hope until they come into a saving relationship with Jesus Christ, CEM's primary goal is to bring them the Gospel through creating and encouraging interest in starting new churches, through establishing self-sustaining churches after the New Testament order, and through providing aide to existing congregations to help them grow to self-sustaining strength.

Our focus is to ensure that more and more people are added to Christ's Kingdom each day and to provide the necessary avenues to allow people the opportunity to hear the Gospel and develop a personal relationship with Jesus.

Sutherland Church of Christ supports this mission each month. If you would like to support this mission, please mark an offering envelope as Christian Evangelistic Mission or CEM or mail to: **Rod Roberts, 732 San Salvador Avenue, Carroll, Iowa 51401**
